FRIDAY EVENING, MAY 31, 1901.

LOCAL MATTERS.

8:15 rise tomorrow at 4:38 a. m. and sets at 7:20 p. m. High water at 7:00 a. m. and 7:32 p. m.

WEATHER PROBABILITIES.—For this section cloudy, unsettled weather tonight and Saturday with occasional rain; variable winds.

INCREASED NUMBER OF VISITORS.

It is generally admitted that there were more visitors to this city yesterday than on any previous Decoration Day. They began to appear on the streets at an early hour and continued to arrive by boats and trains throughout the day. Every point of interest was visited by the strangers, most of whom seemed to be of studious nature. More people visited the National Cemetery during the day than were ever noticed before. They came in droves almost from the time the gates were opened, and were arriving and departing until sundown. Heretofore the exercises have been held late in the evening, and the grounds have been overrun by children both white and colored, who disturbed the speakers and those who participated in the musical programme. The exercises yesterday were held at noon and those who attended had an opportunity to listen to all that was said without annoyance. The graves of soldiers were by no means the only ones upon which flowers were strewn yesterday. A large number of people visited the various cemeteries during the day and deposited flowers upon mounds of deceased relatives and friends. The river was alive with steam yachts and sailboats. A number of the latter class from Washington were becalmed about sundown far from home, and the owners were compelled to seek the assistance of tug boats in order to get back to their moorings.

WILL REMEMBER THE CIRCUS.—It seems that the circus which exhibited at the old fair grounds Wednesday night, beside the usual show and concert, had another feature which was not on the bills. The attaches, however, announced to a certain element that after the performance in the ring a select audience would be entertained on another part of the grounds where an innocent exhibition would be conducted and all participating were assured a quid pro quo for their investments. Of course some concluded that having taken in the circus they must see all the amusements. The innocent diversion happened to be the worn out shell game, and it took but a few minutes to interest some of the audience in its workings. Those who had never seen it before imagined that it was a dead open-and-shut game and unhesitatingly staked their cash. They proved easy victims and the circus men soon gathered in the stacks of the dupes. One deluded individual finally put up his gold watch and lost it. He was told he could recover it for ten dollars, and was given half an hour in which to raise the necessary where-withal. The hour was late and tents would soon be struck. He started for several points of the compass at the same time, but whether he returned in time to redeem his watch is not known.

MINSTRELS.—A crowded house witnessed the minstrel show given at the Opera House last night by local talent for the benefit of the Alexandria Free Kindergarten. The performance was one of the best ever given in this city by amateurs and reflects much credit upon the participants as well as those who had the affair in charge. In the olio Mr. Lloyd Featherstone amused the audience with funny sayings and witticisms. Then came the cake walk, which was participated in by eight couples, and the movement and gestures were very amusing. The cake was won by Mr. George Turner. Messrs. Downey and Keegan followed with "a bunch of nothing melody." The song and dance by those two gentlemen proved entertaining. Mr. Lloyd Featherstone then appeared in a musical specialty, assisted by Prof. E. B. Dunn, and proved to be the feature of the evening. The performance closed with an acrobatic turn by Messrs. C. Ansley and L. Powell, and Mr. Geo. Turner. The minstrels were given under the direction of Mrs. O. F. Carter, while the show, which was exceptionally good, was trained by Mrs. Virginia Evans-O'Brien.

THE RIVER.—There is a strong current in the river and the tides are making high again. There is but little doing around the wharves and few vessels are arriving and departing. The steamer Dennis Simmons, with lumber for Smoot & Co., has arrived, and the schooner Seabright, loaded with lumber by H. K. Friel & Co., called this morning for St. George's Island. The barge George B. Roberts, with coal from Perryville, Md., for W. A. Smoot & Co., has arrived.

The red-and-black horizontal striped buoy which has been marking the wreck of the barge ferry steamer City of Alexandria, off this city, indicated deep water on both sides the buoy, when the fact was the wreck lay on the channel bank and deep water was to be found on one side. A few days ago a light house tender took the buoy and replaced it with a red one, indicating deep water on but one side. This change will be of great service to the masters of vessels unacquainted with the conditions there.

RAILROAD CONDUCTORS' EXCURSION.—The railroad conductors who represent all the steam railroads of the United States, Canada and Mexico, comprising 400 divisions, will give an excursion to Marshall Hall next Monday. This being their first time before the public every effort is being made by them to make the excursion an enjoyable occasion. Prof. Peter Barnes with his 20th Century Company have been engaged at a great expense and will be on hand to amuse the excursionists with song, dance and cake walks. Mr. James H. Cathehl, who has a host of friends in Alexandria, is on the committee of arrangements and will see that those from this city are well cared for. The steamer Macalester will stop at the Prince street wharf on every trip during the day and evening, going and returning.

DEATH OF MR. ROBERT BEVERLY.—Intelligence reached this city today announcing the death last night at 10:30 o'clock of Mr. Robert Beverly, which occurred at his home, "Avenue," near The Palms, Fauquier county. Mr. Beverly was upwards of 75 years old and leaves a widow and 6 children. The deceased had been in failing health for some time, and for many years was a familiar figure in Alexandria, where he had many acquaintances. During the war between the states he was attached to the commissary department of the Confederate service. While a prominent factor in politics in by-gone years (having aspired at one time for the gubernatorial chair) he never held an official position. He was at one time President of the National Farmers' Convention. Mr. Beverly was a successful farmer, and gave most of his attention to rural pursuits. He was a life raiser and dealer and possessed a large landed estate. His funeral will take place at 11:30 o'clock tomorrow from the Church of Our Saviour at Little Georgetown, Fauquier county.

PERSONAL.—Mr. Elmo Davis, who for the past four years has been in business in Sandon, B. C., is expected home this evening to visit his father, Mr. L. Morgan Davis.

Mr. G. F. Alger, of the U. S. Paper Ruling Company of Washington, spent Decoration Day with Mr. E. W. Markell, of this city.

Miss Elizabeth Ewing has returned to this city from New York where she had been spending the winter.

Mrs. Phil. Leterman, accompanied by her son and daughter, is visiting her parents, ex-Mayor and Mrs. Strauss.

Mr. Fred. Rodgers has, with his family, moved to Philadelphia, where he will remain for some time. He has contracted for work on the river front of that city, which will require his personal presence.

Mr. Eliza Phillips was taken suddenly ill at his home on 10th Lee street last night.

CHARTER.—Judge Norton today granted a charter to the Caledon Coal Company, the objects of which are to buy and sell at wholesale or retail coal, wood, sand, lime, cement, building materials, etc. The capital stock is \$1,000, and the officers are W. A. Smoot, Jr., president and treasurer, and Ernest N. Pittman secretary. These, with W. A. Smoot, Lewis E. Smoot and E. B. Taylor, are the directors. This company will open an office at Newport News within the next month and Mr. H. M. Grimes, of this city, will become manager there for the company. The firm of W. A. Smoot & Co. have felt the need of a connection on the lower Chesapeake for some time, and this company will look after their interests in that section. As will be seen, their junior partner is the executive officer of the new company, and Mr. Grimes, who will become the manager at Newport News, has been connected with their office here for several years.

STEAMBOAT ITEMS.—The steamer T. V. Arrowsmith is now running on the Colonial Beach excursion route. Capt. Bailey Reed is in command of her, with Mr. George Cook as pilot and Mr. Thornton Smoot as purser. Mr. Ernest German is in charge of her engine room and Mr. Nicholas Keys is the second engineer.

Capt. Adie Posey has been appointed pilot on the steamer Wakefield.

Steward Stephen Gardella has been transferred from the steamer Estelle Randall to be purser of the steamer Samuel J. Peatz.

Capt. "Chap" Posey is in command of the Norfolk and Washington line steamer Newport News, temporarily, on the route between Washington, this city and Norfolk. Capt. James Richardson is with him as first officer.

Mr. Jack White is engineer of the Nottley Hall excursion steamer River Queen.

A PLEASANT EXCURSION.—The excursion party which went down the river yesterday on the sloop B. H. Lambert, Capt. Enoch Davis, had a delightful time. The sloop was in tow of the tugboat George W. Friel, Capt. J. F. Fair. A stop was made at Glymont, where the excursionists took dinner. Later they proceeded to River View, where they remained until a late hour in the night. They returned home with many happy recollections of the trip. In the party were Messrs. Ferd Knight, John Lyons, John Hoy, Harvey Evans, Harvey Struder, C. August Nagel, Albert Schoen, Archie Simpson, Joseph Powers, W. L. Rammel, Wm. Murphy, C. P. Ash and Mr. Greene, the last two being from Washington. The ladies were Misses Alice Ticer, Edna and Grace Tomlin, Alma, Laura and Ocie Hamersley, Emma, Gladys, Mabel Lyons, Estelle Padgett, Laura Wilkie, Maggie Padgett and Daisy Jayne.

CHARGED WITH GAMBLING.—Robt. Swanson was arrested at the south end of the Aqueduct bridge yesterday morning by Constable Marcy, of the county, on the charge of conducting a faro bank. Justice Thompson in the afternoon gave the prisoner a preliminary hearing, and his case was continued until Friday, June 7. Swanson was admitted to bail in the sum of \$250 for his appearance. John Nelson, of the county, went his surety. Constable Marcy captured a complete paraphernalia used in conducting such a game. It is stated that Swanson will plead that he was conducting the game on the government reservation.

POLICE COURT.—The following cases were disposed of today:

William Benzett, drunk and disorderly and injuring the property of his mother; charged with drunkenness.

Charles Lloyd, injuring the property of Walter Newton; dismissed.

Christopher Devitt, drunk in the street; committed to jail on suspicion of larceny.

Night Report.—Last night was clear and cool until about 1:30 o'clock when it became cloudy and rainy. Three prisoners and eight lodgers were at the station house.

Ex-Policeman Wm. Lyles has received an appointment as watchman at the Washington and Ohio depot in this city. Mr. Lyles last night entered upon the discharge of his new duties.
